

COMPANY POLICY

Through years of experience together with qualified and dedicated employees and the implementation of consistent quality management, we guarantee our customers a consistently high quality of our products. With the protection of the environment and the safety of our employees is an integral part of our corporate governance.

Customer- and supplier orientation:

- We strive for long-term, mutually trusted cooperation with our customers and suppliers.
- We follow a zero-defect policy to be run by all our customers as A-Suppliers.
- Due to our high-quality product quality we want to keep our customers as permanent customers.
- Through continuous supplier qualification we create a close cooperation with our suppliers and communicate the customer's wishes without any interface losses.

Employee orientation:

- We ensure the health and safety of our employees at their workplace.
- We are constantly improving the working conditions of our employees and invest in future-proof jobs.
- Through appropriate training, our employees are encouraged to act in a safe, quality-conscious and environmentally conscious manner.

Continuous improvement process:

- We continuously improve our processes and products.

Environment and safety:

- We act in the awareness of our responsibility for safety, health and the environment. We bear this responsibility towards our employees and the public.
- We consistently comply with the legal and operational requirements for the prevention of personal injury, property damage and environmental damage.
- We strive to prevent accidents, occupational diseases and work-related health hazards.
- We want to use natural resources such as raw materials, energy, water and consumer goods as sparingly as possible.
